NOTIFICATION.

The 3rd July 1888.—The following is published for general information in supersession of the notification, dated the 2nd February 1887, printed on page 77, Part I of the *Calcutta Gazette* of that date :—

The Lieutenant-Governor of Bengal is pleased to direct, under section 49 of the Indian Forest Act (VII of 1878), that the river Gunduck and its tributaries, so far as they flow within his jurisdiction in the Chumpan district, or along its borders, are areas within which all unmarked wood and timber, and all wood and timber on which the marks have been obliterated or defaced by fire or otherwise, are deemed to be the property of Government, unless or until any person establishes his right and title thereto under the provisions of the said Act and the rules made under it.

The Lieutenant-Governor approves the following rules with regard to the collection of drift timber in the Gunduck river and its tributaries in the Chumpan district.

Drift Timber Rules for the River Gunduck and its tributaries, so far as they flow in or along the boundaries of the Chumparun District, within the jurisdiction of the Lieutenant-Governor of Bengal, made under section 51 of the Indian Forest Act.

1. *Drift timber may be salvaged by any person.*—All pieces of unmarked wood or timber, and all pieces on which marks have been obliterated or defaced by fire or otherwise, found adrift, beached, stranded, or sunk in or on the banks of the river Gunduck and its tributaries, may be salvaged by any person.
2. *Report to be made when wood or timber is salvaged.*—The salvor shall intimate the fact that he has salvaged wood or timber to the Forest Officer, or to such Police or other officer or subordinate as the Forest Officer may from time to time direct to receive such reports.
3. *Salvage fees.*—Any such person who shall have salvaged wood or timber under these rules shall be entitled to receive as salvage fees—
 - (a) in the case of wood or timber, the ownership of which is proved and admitted under section 47 of the Indian Forest Act—from the owner, through the Forest Officer, 50 per cent. of the value thereof, as adjudged by the Forest Officer;
 - (b) in the case of wood or timber that becomes vested in Government under section 48 of the Indian Forest Act—from Government, 50 per cent. of the net balance of the sale account of the said wood or timber after deducting therefrom all expenses of transport and other charges (if any): such salvage fees to be paid after the sale has been effected.
4. *Payments required when drift timber is shown to be the property of a claimant.*—No such wood or timber shall be delivered to any claimant who (under section 47 of the Indian Forest Act) has been recognised to be the owner until, under section 50 of the said Act, he shall have paid to the Forest Officer 50 per cent. of its value as adjudged by that officer, together with such other expenses as may have been incurred in salvaging the said wood or timber. Should the recognised owner fail to make these payments within 10 days of his receiving intimation from the Forest Officer of the amount due, the property salvaged shall be dealt with (under section 48 of the Act) as unclaimed timber.
5. *Salvaged timber which may become vested in Government to be sold to the best advantage.*—All drift and stranded wood and timber salvaged under these rules, which may become vested in Government under section 48 of the Indian Forest Act, shall be sold to the best advantage after two months from the expiry of the period fixed for the disposal of claims under section 46 of the said Act.
6. *Penalty clause.*—Any person who shall infringe any of the provisions of these rules shall be punished with imprisonment which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

The Lieutenant-Governor is further pleased, under section 2 of the Indian Forest Act (VII of 1878), to vest the Collector of the Chumparun district, the Sub-divisional Officer of Betriah, and the Officer in charge of the Gorakhpur Forest Division, Oudh Circle, North-Western Provinces and Oudh, with the powers of Forest Officers for the purpose of carrying out the rules made under section 51 of the said Act for the salvaging, collection and disposal of drift and stranded wood and timber on the river Gunduck and its tributaries, so far as they flow within his jurisdiction in, or along, the borders of the Chumparun district.

For the purpose of carrying out the said rules, such subordinates as may be employed by the Officer in charge of the Gorakhpur Forest Division shall be deemed to be officers of the Forest Department in Bengal of Class III within the meaning of the notification under sections 2, 24 and 75 (a) of the Indian Forest Act, dated the 24th July 1879, published at page 777, Part I of the *Calcutta Gazette* of the 30th idem.

NOTIFICATION.

The 28th June 1886.—The following revised rules, which have been framed by the Chief Presidency Magistrate for the guidance of Benches of Magistrates in the Town of Calcutta, under section 21 of Act X of 1882, and sanctioned by the Lieutenant-Governor, are published for general information:—

1. The Unpaid Presidency Magistrates shall sit in the rotation arranged by the Chief Magistrate.

2. Unpaid Presidency Magistrates shall try only such cases as may be referred to them by the Chief Magistrate.

3. Unpaid Presidency Magistrates shall ordinarily open their Courts at noon and rise at 5 p.m. on the dates fixed by the Chief Magistrate. A special Bench may, however, be convened on any other day or at any other hour by the Chief Magistrate.

4. A Bench shall ordinarily be composed of not less than three Magistrates, when they are all Unpaid Magistrates, or of two when one of them is a Stipendiary, but the Chief Magistrate may, in his discretion, permit any two Magistrates to proceed with the hearing and disposal of cases.

5. The Chief Magistrate may, should he deem it desirable, appoint any Unpaid Presidency Magistrate sitting singly to be a Court, and on business being sent to him by the Chief Magistrate, he shall dispose of the same, but not otherwise.

6. Should any Unpaid Presidency Magistrate named for attendance on a Bench fail to be present on the appointed day, the Chief Magistrate may, in his discretion, either summon another Magistrate, or direct that the Bench should proceed without the absent member.

7. The Stipendiary Magistrates shall be *ex-officio* members of Benches; the Chief Magistrate shall, if present, officiate as Chairman: in his absence, the Junior Stipendiary Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Chief Magistrate shall nominate the Chairman.

8. The Chairman shall conduct the proceedings of the Court and exercise all the functions in that behalf usually exercised by a Stipendiary Magistrate when sitting singly; he will decide upon the admissibility of evidence, and maintain order in the Court, but it shall be open to any member of the Bench to put questions to the witnesses, either direct or through the Chairman, as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

9. Every member of a Bench shall have a voice in the finding and sentence. In a Bench consisting of three members, the opinion of the majority shall prevail; when there are only two members, the Chairman shall have a casting vote.

10. The Chairman shall himself ordinarily record the evidence and judgment in cases where a record of evidence and judgment is necessary; but such duty may, with his consent, be performed by any of his colleagues, or the evidence and judgment may be taken down by the Chief Clerk at the dictation of the Chairman.

11. 14. It is the duty of the Registrar of the Court to assist the Unpaid Presidency Magistrates, as far as lies in his power, on any question of practice, &c., that may arise.

15. The Registrar shall submit to the Chief Magistrate a weekly return showing—

NOTICE TO MARINERS—(No. 27.)

INDIA—SOUTH COAST.

CEYLON—SOUTH-EAST COAST.

Attention called to the new editions of certain Admiralty Charts.

The following Notice to Mariners (No. 139 of the year 1888), issued by the British Admiralty, is republished:—

The attention of Mariners is called to the new editions of Admiralty Charts Nos. 813 and 2031, giving the results of the re-survey of the south-eastern coasts of Ceylon from the Little Basses to Trincomali by the Officers of H. M. S. *Syria*, under the command of Captain P. Aldrich, 1887.

The offshore soundings now given are of such a nature as to render navigation perfectly safe in the thickest weather, if the lead is attended to, and the ship is not allowed to come into less than 20 fathoms of water.

The disasters which have taken place from time to time on this coast, supposed to have been on dangers situated some miles from the shore, were probably due to difficulties in fixing the true position; difficulties caused by the absence of soundings, and also by the fact that some of the mountain peaks in the interior, used as landmarks, were not in their true positions on the former charts, an inaccuracy now remedied from the trigonometrical survey of Ceylon, carried out by the Surveyor-General of that Colony.

Charts Nos. 828 and 70 will be shortly corrected for this new information.

Note.—Mariners navigating on the coast of Ceylon should consult the *Bay of Bengal Pilot*, 1887, pages 278—290, wherein is contained a monthly statement of Currents and Winds on the coasts of Ceylon, as experienced in 100 voyages round that island by Mr. Thomas Robson, Commander of the Colonial Government Steamer *Serendib*, during the five years, July 1881 to September 1886.

BAY OF BENGAL.

ANDAMAN ISLANDS.

Depth of water on the three Coral Banks off the West Coast.

THE following information has been received from Commander Alfred Carpenter, R.N., and is the result of a late Survey by H. M. I. M. S. *Investigator*, variation 2° E. See Admiralty Charts 825, 514, 70, 830; also Bay of Bengal Pilot, 1887:—

The Coral Banks—The three large banks off the west coast of the Andaman Islands are composed of dead Coral and Sand. On West Coral Bank, the northern one, the least depth is 6 fathoms near the centre; on Middle Coral Bank the least depth is 23 feet rock where the rocky strata crops up through the Sand and Coral; also near the centre of the bank; and on South Coral Bank the least water is 6 fathoms.

The banks are safe to cross in fine weather; the water is very clear and looks much shallower than it really is.

PORT BLAIR.

Northern Red Buoy has been moved one cable west of its old position.

The northern red buoy limiting the reef off the Port Officer's Jetty has been moved one cable west of its old position, and now lies 4 cables N. N.-W. $\frac{1}{4}$ W. of the wooden pier end.

BURMA COAST.

KYOUK-PHYOU HARBOUR—ARBAGAN.

Two dangerous shoals, a mile west of Saddle Island.

From comparison of old charts, and by information lately gathered, there appear to be two dangerous shoals which break in heavy weather a full mile west of Saddle Island. H. M. I. M. S. *Investigator* struck shoal water 4½ fathoms, hereabouts in 1885, as she was leaving Kyouk-Phyou, after finishing the survey of the actual harbour. Vessels should not pass eastward of the Irrawaddy shoal.

BASSEIN RIVER—GULF OF MARTABAN.

Placing of a red tripod beacon with white cage on the Wolf Rocks near the entrance of the river; and erection of a tripod beacon on Cockatoo Rock; also regarding Long Sand; Ridge Shoal; Pariah Rock; Puamwaddi Flats and Elbow Shoal.

The Port Officer of Bassein reports as follows:—

A tripod beacon, red, with white cage, 16 feet above high-water, has been placed on the Wolf Rocks near the entrance of the river. It should not be approached from the eastward within 3 cables.

The Long Sand is now an island with trees on it.

The channel north of Ridge Shoal has closed, except for very small vessels. The two ends of this shoal are marked by red buoys.

Pariah Rock has been marked by a conical red buoy.

The Panmawaddi Flats extend right across the river, and there is only 3 fathoms water over the deepest part at low-water.

A tripod beacon has been erected on Cockatoo Rocks to act as a tide-gauge showing the water on the flats.

The Elbow Shoal is now a middle ground.

Its western edge is marked with a conical black buoy.

Regarding Jali Kund or Hog Island, Dart Rock, and Hawkin's Reef.

The following information has been received from Commander Alfred Carpenter, R.N., in charge of the Marine Survey of India:—

Jali Kund or Hog Island is shown on the present Admiralty Chart 744 one mile west of its true position with regard to Pigeon Island and the neighbouring peaks.

Dart Rock, the position of which depended on *Hog Island*, has been lately examined by Her Majesty's Indian Marine Steamer *Insigilator* and found to be one mile nearer the shore than formerly stated. It lies with the following bearings and distances:—

Modeshwar Point	E by N 2 miles.
Hog Island	S S E $5\frac{1}{2}$ miles.
Pigeon Island	S W by W $\frac{1}{2}$ W $8\frac{1}{2}$ miles.

Depths of 6 to 6½ fathoms are found round it.

Hawkin's Reef is the extension of a rocky patch a mile north of Modeshwar Point. From the extreme of the patch Modeshwar Point bears S E $\frac{1}{2}$ S distant $1\frac{1}{2}$ miles. It can be cleared by keeping Hog Island open to westward of the largest rocky islet S W of Modeshwar.

INDIA—SOUTH COAST.

CEYLON—SOUTH-EAST COAST.

Attention called to the new editions of certain Admiralty Charts.

THE following Notice to Mariners (No. 139 of the year 1888), issued by the British Admiralty, is republished :—

The attention of Mariners is called to the new editions of Admiralty Charts Nos. 813 and 2031, giving the results of the re-survey of the south-eastern coasts of Ceylon from the Little Basses to Trincomali by the Officers of H. M. S. *Egeria*, under the command of Captain P. Aldrich, 1887.

The offshore soundings now given are of such a nature as to render navigation perfectly safe in the thickest weather, if the lead is attended to, and the ship is not allowed to come into less than 20 fathoms of water.

The disasters which have taken place from time to time on this coast, supposed to have been on dangers situated some miles from the shore, were probably due to difficulties in fixing the true position; difficulties caused by the absence of soundings, and also by the fact that some of the mountain peaks in the interior, used as landmarks, were not in their true positions on the former charts, an inaccuracy now remedied from the trigonometrical survey of Ceylon, carried out by the Surveyor-General of that Colony.

Charts Nos. 828 and 70 will be shortly corrected for this new information.

Note.—Mariners navigating on the coast of Ceylon should consult the Bay of Bengal Pilot, 1887, pages 378—390, wherein is contained a monthly statement of Currents and Winds on the coasts of Ceylon, as experienced in 100 voyages round that island by Mr. Thomas Robson, Commander of the Colonial Government Steamer *Serendib*, during the five years, July 1881 to September 1886.

- 1.—The Commander of every vessel, including buggalows or other native craft, arriving from the Persian Gulf, shall, before entering the harbour, indicate by signal the port from which such vessel has come.

- II.—Such Commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.
- III.—Immediately on arrival the Commander shall hoist the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorized by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall be alongside the vessel, and, after all necessary enquiries, shall direct the Commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in Rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.
- IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is besides in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—
- | | | | |
|----------------------------|-----------------|-----|----------------------------------|
| After eight days of voyage | ... | ... | six days of quarantine. |
| Do. nine | do. | ... | five do. |

| Do. thirteen | do. and upwards | ... | twenty-four hours of quarantine. |
- V.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule III.
- VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.
- VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.
- VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.
- IX.—All vessels arriving at Aden and Perim, which may have communicated with vessels coming from the Persian Gulf, shall be subjected to the same quarantine as vessels arriving at Aden and Perim from that Port.

AT THE COURT AT WINDSOR.

The 3rd day of May 1888.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by the Merchant Shipping Act Amendment Act, 1862, it is enacted that whenever it is made to appear to Her Majesty that the Rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their Certificates of Registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's Dominions, but such ships shall be deemed to be of the tonnage denoted in their Certificates of Registry or other papers in the same manner, to the same extent, and for the same purposes, in, to, and for which tonnage denoted in the Certificates of Registry of British ships is to be deemed the tonnage of such ships:

And whereas by the Merchant Shipping Act, 1876, it is enacted that "where Her Majesty has power under the Merchant Shipping Act, 1854, or any Act passed or hereafter to be passed amending the same, to make an Order in Council, it shall be lawful for Her Majesty from time to time to make such Order in Council, and by Order in Council to revoke, alter, or add to any order so made:"

And whereas it was made to appear to Her Majesty that the Rules concerning the measurement of tonnage of merchant ships in force under the Merchant Shipping Act, 1854, had been adopted by the Government of His Majesty the King of the Netherlands, with the exception of a difference in the mode in certain steamers of estimating the allowance for stowage-room, and such rules were in force in that country, and came into operation on the 1st day of January 1870:

Provided, nevertheless, that should the owner or master of any such Dutch steam-ship desire the deduction for engine-room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the Dutch rule, the engine-room should be measured and the deduction calculated according to the British rules:

And whereas it has been made to appear to Her Majesty that a new Royal Ordinance, which came into operation on the 6th day of January 1888, stipulates that the owners of Dutch steam-ships may have the net tonnage of their vessels calculated according to British as well as according to Dutch rules, and shall have issued to them a separate certificate to be used in foreign countries showing the net tonnage calculated according to British rules:

And whereas it has been made to appear desirable to Her Majesty that the provisions of the said recited Order in Council of the 26th day of October 1875 should be revoked, and a new Order in Council made and substituted in lieu thereof:

Now, THEREFORE, Her Majesty, in virtue of the powers vested in Her by the said recited Acts, and by and with the advice of Her Privy Council, is pleased to direct that the said recited Order of the 26th day of October 1875, shall be and the same is hereby revoked, and in lieu thereof, and in substitution therefor, Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct as follows:—

As regards steam-ships, that merchant ships belonging to the said Kingdom of the Netherlands, which are propelled by steam or any other power requiring engine-room, the measurement whereof shall, after the said 1st day of January 1876, have been ascertained and denoted in the registers and other national papers of such steam-ships, testified by the dates thereof, shall be deemed to be of the tonnage denoted on such registers or other national papers in the same manner, and to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the Certificate of Registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such Dutch steam-ship desires the deduction for engine-room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the Dutch rule, the engine-room shall be measured and the deduction calculated according to the British rules, and that in the event of any such steam-ship possessing a certificate of tonnage or other national paper issued as aforesaid on or after the 6th day of January 1888, denoting the net registered tonnage of such ship under the British rules, the ship shall be deemed to be of the tonnage so denoted thereon.

An appeal against an order of a Registrar refusing to register a birth or death on any other ground than that referred to in proviso (a) to section 19 of the Act shall lie to the Registrar-General, who may in his discretion either confirm the order of the Registrar, or direct him to register the birth or death.

6. Registers of births and deaths shall be kept in the forms set forth in Schedule C and Schedule D respectively.

7. When a birth or death has occurred during a journey,

or when the person giving notice of a birth or death was compelled by duty, or urgent necessity, or unavoidable accident, to leave the local area in which such birth or death occurred so soon after its occurrence that he was unable to give the prescribed notice to the Registrar for that local area,

any Registrar may receive notice of such birth or death, and register the same as if it were a birth or death which had occurred within the local area for which he has been appointed.

8. The provisions of rule 4, as to the time within which notice of a birth or death must be given, shall apply to every notice of a birth or death given under the circumstances described in the last foregoing rule.

16. A Registrar may, of his own motion, correct, in manner prescribed in section 28 of the Act, any error in form made in an entry of a birth or death in a register of births or register of deaths kept by him under the Act.

In every case in which an entry is corrected under this rule, intimation thereof shall (if practicable) be communicated, within one week from the date of the correction being made, to the person who gave the notice of the birth or death.

17. When an error in substance in any entry of a birth or death in a register of births or register of deaths is asserted to have been made, the Registrar may correct the error, in manner prescribed in section 28 of the Act, on application made in writing, and signed in the presence of two witnesses attesting the signature, by any person authorized under section 20, or 21, as the case may be, to give notice of the birth or death to which the entry relates :

Provided that the Registrar is satisfied that the application is well founded.

An appeal against an order of a Registrar under this rule refusing to correct an asserted error in an entry in a register shall be to the Registrar-General, who may, in his discretion, either confirm the order of the Registrar or direct him to correct the error.

BAY OF BENGAL.

CHITTAGONG COAST.

The following arrangements for Weather Signals for the Port of Chittagong, extracted from the Calcutta Gazette of the 10th August 1887, are republished:—

Signals for the Port of Chittagong.—The following storm-signals will be used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a cyclone with its attendant storm-wave. They will be hoisted on the flagstaff at the Sudder ghât and on the yardarm of the flagstaff at Jooldia on the receipt of instructions from the Meteorological Office:—

1. *Day warning signal.*

A ball indicates that a cyclone, of which the centre is in the north-east of the Bay, is advancing towards the mouth of the river Karnafuli, and will probably advance towards Chittagong.

2. *Day danger signal.*

A drum indicates that a cyclone, which may or may not be accompanied by a destructive storm-wave, is approaching Chittagong. (It should be remembered that the force and destructive effect of a storm-wave will depend very considerably upon the state of the tides at the time when the storm centre strikes the Chittagong coast.)

3. *Night warning signal.*

Three lights in a vertical line indicate that a cyclone, of which the centre is in the north-east angle of the Bay, is advancing towards the mouth of the river, and will probably advance towards Chittagong.

4. *Night danger signal.*

Two lights in a vertical line indicate the early approach of a cyclonic storm to the Port of Chittagong.

J. WARE EDGAR,

NOTIFICATION.

The 27th August 1888.—The following rules regarding the procedure to be adopted in cases of criminal prosecutions brought against officers for acts arising out of the performance of their public duties are issued in supersession of those contained in Government orders Nos. 6112-22 of 1st September 1869, and Circulars No 28 of 7th July 1879, and No. 43 of 14th August 1879:—

1. When a prosecution against an officer of Government is instituted by a public servant, the officer charged will be left to defend himself, but Government will defray his reasonable costs in the event of his being acquitted and it being shown that his conduct throughout had been free from all blame. If, though acquitted of the offence charged, his conduct should appear not to be free from blame, he will receive only such portion, if any, of the cost incurred by him as may seem fitting to the Government.

2. When an action or prosecution is instituted by a private person against a public servant for acts done in the discharge of his public duty, the officer concerned should communicate the facts to his official superior, reporting all circumstances which may be necessary to enable such superior officer and the Government to arrive at a decision on the merits of the case. In cases of importance where a reference will not involve serious delay, such facts should be reported immediately to Government for orders. Should the Government decide to undertake the defence of the case, the Government Pleader will be instructed to appear, otherwise the officer charged will be left to make his own arrangements. In (a) unimportant cases, and (b) cases of urgency where reference to Government would involve serious delay, District Officers and Heads of Departments should use their own discretion regarding the measures to be taken.

3. Where no appearance is entered on behalf of Government and the action is dismissed, or the accused discharged or acquitted, the case will be dealt with as is provided under rule 1, allowance being made for the expenses (if any) realizable under the order of Court.

4. It is to be distinctly understood that charges, the payment of which may be applied for under these rules, must be moderate, and that the Government does not bind itself to pay unnecessary expenses which the officer concerned may choose to incur. In petty cases an appearance in person will be often quite sufficient, and where this is so the employment of a pleader is superfluous. In the same way requests for the payment of Counsel will be entertained only under very exceptional circumstances.

Chief Secy. to the Govt. of Bengal.

Signals for the Port of Chittagong.—The following storm-signals will be used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a cyclone with its attendant storm-wave. They will be hoisted on the flagstaff at the Sudder ghât and on the yardarm of the flagstaff at Joodia on the receipt of instructions from the Meteorological Office:—

A ball indicates that a cyclone, of which the centre is in the north-east of the Bay, is advancing towards the mouth of the river Karnafuli, and will probably advance towards Chittagong.

2. *Day danger signal.*

A drum indicates that a cyclone, which may or may not be accompanied by a destructive storm-wave, is approaching Chittagong. For Rules 31 and 32, Chapter VI (at pages 122-124), Rules and Orders, Criminal, substitute the following:—

31. [Chapter XXXI, Section 423, C. C. P.—Rules for the issue and communication of orders passed by Appellate Courts.]

(1.) When an appeal has been disposed of, a copy of the judgment in appeal and of the order passed shall be attached to the record of the original Court and returned to it therewith.

(2.) In every case in which a sentence is reversed, the Appellate Court shall fill in the form of warrant of release on appeal prescribed by Rule 15 (a), Chapter II of these Rules and Orders, and shall send the same direct to the officer in charge of the jail in which the appellant is confined. It shall at the same time recall and cancel the original warrant of

commitment, and this warrant and the warrant of the Appellate Court directing release of the prisoner, when returned with an endorsement of execution, shall be attached to the record of the Original Court and returned to it therewith.

In every case in which a sentence is modified on appeal, the Appellate Court shall prepare a fresh warrant (in the form prescribed in the following rule) in accordance with the terms of the order passed, and shall send the same direct to the officer in charge of the jail in which the appellant is confined, and shall recall and cancel the original warrant of commitment, which shall be attached to the record of the original Court and returned to it therewith. When the fresh warrant is returned with an endorsement of execution under section 400, Criminal Procedure Code, the Appellate Court shall forward it to the Court from the decision of which the appeal was preferred, to be attached to the original record. Provided that, if an appellant has been released on bail pending the hearing of his appeal, the fresh warrant shall not be sent to the officer in charge of the jail until the prisoner has surrendered, and it shall be the duty of the Appellate Court, either directly or through the Court by which the order of release on bail was actually issued, to take measures to secure his surrender.

In every case in which a sentence is confirmed on appeal, the Jail authorities will receive information to this effect by means of the form prescribed in the next succeeding clause.

(3). Irrespective of the procedure prescribed above, the Appellate Court shall, for the information of the appellant, notify to the officer in charge of the jail in which such appellant is confined the result of his appeal. The notification shall be made in the form annexed to this rule.

Judicial officers must understand that this notice is intended solely for the communication of the result of the appeal to the appellant, and in no way relieves them from the duty of issuing revised warrants when such are necessary.

"That under the head English literature there ought to be both Prose and Poetry; that the pieces selected should in point of quantity be such as can be conveniently mastered by the students within the time allowed, and that in point of quality they should be such as can be well and easily appreciated by an Indian youth of fifteen or sixteen years of age.

"That English grammar and composition should be studied by Entrance students more with a view to be able to write plain English correctly than with a view to learn the philology of the English tongue.

"That there be two examination papers only in English as at present: the first to contain questions on the text-books and questions on grammar arising therefrom, the second to contain passages in a vernacular as defined in paragraph 6 of the Regulations for the Entrance Examination, for translation into English, together with questions on English composition.

'That in the case of students whose vernacular is English, a special paper be set in which simple essays or letters or other original composition should replace the passages for translation into English.'

BOARD OF REVENUE, L. P., Calcutta, the 28th August 1888.

No. 1127B.

NOTIFICATION.

Dated Calcutta, the 30th August 1888.

The following rules have been prescribed by the Board of Revenue, Lower Provinces, under section 104 of the Sea Customs Act, VIII of 1878, to carry out the provisions of Chapter 15 of the Act in their application to vessels sailing under a General Pass, and are published for general information in accordance with the provisions of section 204 of the Act, in supersession of the Notification contained in pages 688—694, Part I, of the *Calcutta Gazette* of the 9th August 1882:—

Customs.
P. M. Halliday, Esq.

GENERAL.

1. In these rules the word "agent" shall include masters and owners. The words "customs port" shall include any foreign ports regarding which it has been notified, under section 13 of the Sea Customs Act VIII of 1878, that all goods imported from or exported to them shall be treated as goods imported from or exported to customs ports.

The words "foreign port" shall include all foreign ports, whether on the continent of India or not, except those regarding which a notification has been issued as above.

The words "dutiable cargo" or "dutiable goods" shall be held to mean—

- (a) All goods shipped from foreign ports for customs ports whether transhipped at any customs port or not;
- (b) All goods specified in schedules 2 and 3 of the Tariff Act XI of 1882 whether shipped from or to foreign ports or customs ports;
- (c) All goods exported under claim for drawback or under bond for duty of customs or excise;
- (d) All goods the importation or exportation of which is prohibited or restricted under section 18 of the Customs Act, or any other law for the time being in force.

The words "free cargo" or "free goods" shall be held to mean all goods which do not fall within the above definition of dutiable.

2. A general pass in the form prescribed (Appendix A) shall be issued for each steamer under the signature of the Collector of Customs at Calcutta. It shall be terminable on the 31st of July in each year, and shall be renewable by endorsement on application to the Collector of Customs. It shall be stated on the face of every general pass whether it is valid,

- (a) For certain specified ports only;
- (b) For all ports throughout certain presidencies; or
- (c) For all customs ports throughout India.

The pass shall remain in charge of the commander or other responsible officer of the vessel for which it is granted. It shall be kept posted up in a conspicuous place on board, and shall be shown to any customs officer on demand.

A copy of these rules shall be furnished with each Pass for the use of the ship to which it relates.

The agents or owners may choose at their option at which presidency the pass shall be taken out.

3. By applying for a general pass the agents of a vessel bind themselves, should a pass be granted, to be responsible:—

That no goods shall be carried by her in contravention of any law for the time being in force;

That all provisions of the Customs Act and of these and all other rules legally promulgated in accordance with the said Act, by the authorities of this or any other presidency in which the pass is in force, shall be duly observed;

That all port and light dues shall be paid and all duties short levied or refunds or drawbacks erroneously disbursed in consequence of errors or omissions in the cargo books, manifests, or other documents they are required to keep or put in, shall be made good on demand; and further,

That they shall deposit with the Collector of Customs a sum in cash or Government promissory notes, amounting to Rs. 500 for each vessel, but not more than Rs. 3,000 for any one company or line, and shall give him a general authority to recover from the said deposit all sums adjudged to be due from them whether as dues, duties, recoveries, fees

or penalties, in respect of the vessel for which the pass is granted, or of any other vessel or vessels belonging to the same owners and also sailing under a general pass.

Nothing in this condition, however, shall be held to prejudice their right to appeal as provided by section 188 of the Sea Customs Act, VIII of 1878, in any case in which they may consider themselves aggrieved by the Collector's decision.

4. A cargo book in the form B annexed should be kept on board every steamer sailing under a general pass. The said cargo book shall be kept in accordance with the requirements of section 165 of the Sea Customs Act, VIII of 1878, and shall further show separately the dutiable and free cargo received at each port for each port, whether customs or foreign. Cargo received for transshipment shall be shown as for the port at which transshipment is to take place, but the port of ultimate destination shall also be given.

The keeping of the said cargo book shall not be held to dispense with the presentation of manifests, except in so far as may be provided in these rules.

The agents shall be at liberty to add to the form prescribed any columns they may require to adapt it to their own purposes.

5. Nothing in these rules shall be held to exempt the agents or masters of vessels sailing under a general pass from payment of any fees for special services, or from any restrictions as to lading or discharge of dangerous goods, imposed upon them by the rules of any port at which the pass is valid.

LADING AND CLEARANCE.

6. Vessels sailing under a general pass may be entered outwards, and shipping bills granted in anticipation of arrival.

7. No goods except transshipment goods and passengers' baggage shall be received on board without a shipping bill. All shipping bills shall be in English; and at ports where there are no other facilities for their preparation in that language, the agents of the vessel shall be bound to provide for this requirement; shipping bills shall be in the annexed form C. For free goods they shall be prepared in duplicate printed in black and blue. For dutiable goods they shall be in triplicate, printed in black, blue and red, with the word DUTIABLE printed across in large type in red ink.

8. Free cargo may be shipped at any time, day or night, except on Sundays or holidays, without special permission or supervision: Provided that no goods shall be shipped at night without supervision, except such as have been water-borne for shipment during ordinary working hours.

9. Dutiable goods shall not be shipped except under customs supervision. The original shipping bill shall be filed at the Custom House, and the duplicate shall accompany the goods on board. The triplicate shall be retained by the officer supervising the shipment either at the wharf or on board, who after endorsing up on it the particulars of the goods actually received on board, shall return it to the Custom House for use in checking the vessel's export general manifest, as provided below, rule 13.

10. The agents shall cause similar endorsements to be made upon the duplicate shipping bills both for free and for dutiable goods. Those for dutiable goods shall accompany the vessel; those for free goods shall be retained by the agents for presentation with the export manifest.

11. Port clearance must be applied for during office hours unless otherwise directed by the chief customs officer, and at least four hours before the departure of the vessel, and must be sent on board before she actually leaves the port.

12. The export manifest shall be in the same form as is prescribed for the cargo book by rule 4. It must be put in by the agents within five clear working days from the date of port clearance, and must be accompanied by a duplicate prepared in separate parts—one for each port for which goods have been shipped, and by the duplicate shipping bills for free goods endorsed with particulars of actual shipments as required by rule 10.

13. After the original and duplicate have been compared and checked with the triplicate shipping bills for dutiable goods, and the duplicate shipping bills for free goods, one copy of the different parts of the manifest shall be sent by post, together with the corresponding duplicate or triplicate shipping bills, as the case may be, to the customs collector at the ports to which they respectively relate, and the original export manifests shall be retained for use in conjunction with the original shipping bills in recording exports statistics.

ENTRY AND DISCHARGE.

14. Within 24 hours after arrival in any customs port, terminal or intermediate, a duly authenticated extract from the cargo book kept on board as required by rule 4, showing all cargo, free or dutiable, to be discharged, whether for landing or transshipment at that port, shall be presented at the Custom House, together with the duplicate shipping bills referred to in rule 9 for all dutiable cargo comprised in the extract which may have been shipped at customs ports.

NOTE.—The form of the extract may be modified by the substitution of columns for record of presentation of bill of entry and final clearance of dutiable goods, for column 7 and onward in the form of cargo book.

15. At ports where the cargo is to be discharged direct on to a wharf, a duplicate of the extract from the cargo book shall be furnished for use in checking the cargo as it is landed. When the cargo has to be discharged into boats, the duplicate copy may be dispensed with, but a boat-note showing clearly all particulars necessary to the identification of the packages, and signed by a responsible officer of the ship, shall accompany each boat-load ashore.

Provided that at ports of call where the extract from the cargo book to be put in under rule 14, or a list of the cargo is handed to the customs officer on board, or accompanies the goods ashore, no boat-notes or duplicate extract from the cargo book need be insisted upon.

16. Discharge may be commenced as soon as the vessel drops anchor, when free cargo may be landed at any time, day or night, without special permission or supervision, but no cargo from any foreign port, and no cargo from any customs port which was transhipped from a foreign port, shall be discharged except under the written authority of the proper officer of customs.

17. These bills of entry shall be in the usual form for goods imported by foreign-going vessels, and shall be granted upon the extract from the cargo book filed at the Custom House as required by rule 14, after check, if the goods are said to have come from a customs port, with the shipping bills filed with the extract.

NOTE.—See note to rule 14.

18. The agents of the vessel shall be bound to account, on being called upon to do so, for all discrepancies both as to free and as to dutiable cargo, and to make all amendments necessary to secure the correctness of the documents put in by them.

19. The agents shall further be bound to undertake that, when the vessel touches at any foreign port in the course of any coasting voyage, a certificate under the signature of the chief officer of customs at such port, shall be despatched within 48 hours of her departure to the customs collector of every customs port for which she has taken in cargo at such foreign port, giving number and description of packages, numbers and marks they bear, and a general description of their contents.

They shall also be bound to furnish to the chief customs officer of any customs port from which any goods may have been shipped under bond for customs or excise duty, or under claim for drawback, for any foreign port, a certificate from the chief customs officer of the said foreign port showing particulars of discharge of such goods.

TRANSHIPMENT.

20. Goods for transshipment shall be dealt with as provided in the rules laid down by notification of the Government of Bengal, dated the 26th November 1853, and the notice of the Collector of Customs, Calcutta, dated the 27th June 1862.

STORES.

21. No stores shall be landed, transhipped, unladen, shipped, or water-borne for shipment without the written authority of the proper officer of customs.

PASSENGERS' BAGGAGE.

22. Passengers' baggage may be shipped and discharged at any time without supervision or restriction except as regards baggage shipped at foreign ports. It will be the duty of the master to enter all such baggage in his cargo book and extracts therefrom to be presented under rule 14, and to see that no such baggage is landed out of hours at any customs port unless it has been passed by a customs officer on board.
